

OVERVIEW

Getting qualified validates who you are in the eyes of your clients, regulators and government. In the states that require a Trade Contractor's Licence in swimming pool and spa building, this qualification provides a pathway to obtaining that licence. This trade level course is designed to provide participants with the necessary skills and knowledge to carry out a range of building work within the swimming pool and spa industry.

It specifically covers common supervision and planning skills for the construction industry as well as the necessary skills to manage a swimming pool and spa building business.

UNITS OF COMPETENCE

This qualification requires the completion of 18 units of competence made up of 17 core units and 1 elective unit.
